RE: Final Feasibility Study for Operable Unit 21, Site 46 - Former Building 72, Revision 2,
Naval Air Station Pensacola, Pensacola, Florida.

Dear Patty:

I have completed my review of the Final Feasibility Study for Operable Unit 21, Site 46 - Former Building 72, Revision 2, Naval Air Station Pensacola, dated September 2010 (received September 27, 2010), prepared and submitted by Tetra Tech NUS, Inc. I have looked over the responses to my comments on the Draft Final Feasibility Study located in Appendix C and have determined they are reasonable. In an effort to provide written approval of the final document for inclusion in the Administrative Record for Naval Air Station Pensacola, this letter is provided.

If you have any concerns regarding this letter, please contact me at (850) 245-8997.

Sincerely,

David P. Grabka, P.G.
